

# Collie Clip

1001 Resilience Kit - 10 Clip

The Collie Clip Resilience Kit is a pre-assembled kit ideal for use by first responders in disaster or mass casualty situations.

The Resilience Kit contains 10 Collie Clips and the necessary "clip-in" attachments which enables immediate solutions for IV bags, positioning of airway tubing and medical waste management.

Manufactured from highly durable nylon, the easy to carry Collie Clip Resilience Kit is constructed for optimum performance and longevity in harsh environments.

This comprehensive Kit keeps everything you need within reach, allowing you to respond immediately to a variety of emergency situations.

Available in high visibility orange, the Kit contents can be fully customized depending upon users specifications
